

UNION COUNTY - MARYSVILLE ECONOMIC DEVELOPMENT

Partnership

Building a better Union County. Together.

Communities have two choices. They can reminisce about the good old days and lament about what used to be, or, they can roll up their sleeves and help build the economy of the future. We've chosen the latter. Fostering collaborative problem solving and promoting our strengths has helped to raise up Union County and prepare our economy for overcoming new challenges.

Rising Above.

When businesses grow, we build a stronger tax base, better infrastructure, higher quality of life, and a more prosperous future. Economic development is the voice for this future prosperity of our communities.

Together, We Can.

With collaboration and investment from successful partners, we can continue to bolster the economic future of our county and its communities.

Investment Matters.

Building a unique, distinct economic region could not happen without your support. Growing our local economy will ensure that Union County can attract families, retain creative and talented youth, and make our communities a vibrant place to live.

For One, For All.

When local businesses grow, our regional economy grows. This compounding effect can only be achieved through your investment in economic development.

WILL YOU CONTRIBUTE TO UNION COUNTY'S ECONOMIC SUCCESS? **BECOME AN INVESTOR TODAY.**

INVESTOR BENEFITS

We believe that Union County and its business community represent the best of American ingenuity. The on-going advancement of our economy requires private and public sector investment and a strong core of leaders to drive change. Your financial support is needed to leverage the commitment already made by our partners. In return for your investment, we present many opportunities for recognition.
